
Restoration Ministries Remembers:

Dr Ruth Patterson

Ruth's mother, died on June 13 at the age of 95. Most of you will have your own little stories of meeting with her in Restoration House where we knew her to be always full of life and an enthusiastic supporter of all that happened in Restoration Ministries. She had been fondly missed since she moved into the nursing home but continued with her infectious optimism - when asked how she was, her customary response was always 'Tip top!' We give thanks for her and extend our love to Ruth, Joseen, Don and the wider family circle.

Sean Doran

Sean died suddenly while on holiday in France some weeks ago. He was always a champion of ecumenism and an encourager of those seeking to build bridges. We in Restoration Ministries remember him with deep gratitude and affection and extend to Eilish and his family circle our sympathy and prayers.

Phil Vincent

Phil lived in Hobart, Tasmania and has been a friend of Restoration Ministries since 1998 following a meeting with Ruth at a Faith and Light International gathering in Quebec. He kept in regular contact with us, by email and telephone and one memorable visit to Belfast. He had just moved to a new accommodation and was looking forward to a new chapter when he died suddenly. We remember his mother and his extended Faith & Light family especially at this sad time.

Notices
